MARINE & COASTAL MANAGEMENT: Sample Graduation Plan

Reviewed 4/11/22 – WW

- NOTE: This worksheet is for use as an advising tool to help you prepare your own graduation plan. It will necessarily be modified depending upon when you declare this concentration, and depending upon course scheduling/availability.
- ***AOSC375, AREC332, ENST450, and GEOG441 are offered on varying schedules; please plan to take them ASAP so that if their semesters-offered change, you will not be penalized.***
- Students planning to attend graduate school in Marine Science or Physical Oceanography should plan to take MATH 141, CHEM 231/232, and PHYS 141. See your academic advisor for additional recommendations.
