

Crops Twilight Tour and Ice Cream Social

Wednesday, August 3, 2023 4 - 9pm

The Crops Twilight Tour, Barbecue & Ice Cream Social was an absolute success with 94 in attendance!

The weather was pleasantly hot, nearly perfect for the evening activities and the wagon tour - The farm looked spectacular! A special thanks to Donald, Alfred, and Ronald.

The stops we made in 2022 were:

- Basil Downy Mildew, *Alan Leslie, Agent, UME*
- Artisan Tomato Trial, *Ben Beale, Principal Agent, UME*
- Tomato Management during Extreme Weather, *Jerry Brust, Vegetable IPM Specialist, UME*
- Hot Set Tomato Variety Trial, *Ben Beale, Principal Agent*
- Using Spring-Seeded Cover Crops to Reduce Herbicide Inputs in Plasticulture Systems, *Dwayne Joseph, Agent, UME*
- Using Biosolarization to Suppress Soil-borne Pests and Improve Weed Control, *Dwayne Joseph, Agent, UME*
- Using Living and Dead Cover Crops to Suppress Weeds in Sweet Corn, *Cerruti Hooks, Professor, ENTM*
- Blackberry and Raspberry Trial, *Alan Leslie, Agent, UME*
