Greetings Colleagues,

As my first official message to you, I would like to introduce the first edition of a new AGNR newsletter: Human Capital and Compliance Corner! Through this newsletter, we will be sharing updates on research integrity and professional development, new federal laws affecting the workplace, diversity and inclusion initiatives, training, and other important news.

In upcoming articles, we will be touching on interesting challenges about how we conduct life and coping through COVID-19 updates. We will also cover new federal laws, ethical and legal updates, diversity and inclusion benchmarks, and all developments affecting the workplace.

To ensure you are knowledgeable of your rights and responsibilities, we will be sharing facts about various ethical research integrity issues. We will also provide training and resources to help you stay informed.

This column will be covering research integrity issues that are expected of us as AGNR employees. We will be sharing how these issues affect us and our responsibilities as AGNR employees.

As we read this newsletter, we will be developing new policies. In the future, we will be sharing more information about these policies with you.

On behalf of the Human Resources Management and Compliance Programs team, we would like to thank you for your dedication and commitment to AGNR’s mission.

If you have any information you would like to share, please feel free to reach out at agnrhrmcp@umd.edu. Suggestions and feedback are always welcome, and if you have any questions and/or concerns you may have, we will be happy to assist you.

We hope you find this newsletter informative and useful. Please let us know if you have any suggestions or feedback. Thank you for your support.

Sincerely,

[Name]

For two weeks of paid sick leave for childcare and other leave related to the coronavirus; and (3) dissemination of the And Justice For All employment law poster as soon as possible once directives permit travel; in the interim, electronic dissemination is appropriate for staff education and awareness of the noted federal mandates. There are tax credits related to thepaid leave mandated by the act. All facilities must post the federal employment law poster as soon as possible once directives permit travel; in the interim, electronic dissemination is appropriate for staff education and awareness of the noted federal mandates. There are tax credits related to the
